=====

FREQUENTLY ASKED QUESTIONS

=====

Q: How often should I change my engine oil?

A: For motorcycles, every 3,000-5,000 km or every 3-6 months, whichever comes first.

Q: What's included in a general tune-up?

A: Oil change, spark plug replacement, air filter cleaning, carburetor adjustment, valve clearance check, and general inspection.

Q: Do you provide warranty on parts and labor?

A: Yes, all genuine parts come with manufacturer warranty, and we provide 30-90 days labor warranty depending on the service.

Q: Can you upgrade my engine for better performance?

A: Yes, we offer various performance upgrades including big bore kits, racing exhausts, and carburetor upgrades.

Q: Do you service all motorcycle brands?

A: Yes, we service all brands including Honda, Yamaha, Suzuki, Kawasaki, and local brands like Rusi, TVS, and others.

=====
